Non-Permeable

Vapor Permeable

Flashing Accessories

Advanced technologies to enhance the building envelope!

No Primer Required

Eliminate the time, materials and mess of primers, which aren't required on most construction surfaces

Extend your Building Season

Apply in temperatures as low as 0°F or as high as 150°F

Weatherproof your Project

Safeguard your building from the weather with materials that are UV-Resistant for 12-24 months.

Why use 3M Air Barrier?

1. No adhesive mastic needed for installation
2. Huge Labor Savings
3. Large Temperature Range for installation 0°F - 150°F
