WHAT'S NEW AT EDGE!

Railguard 200

The original non-penetrating guard rail system. Exceeds requirements for OSHA temp and permanent guard rail standards. Available in standard and "Invisi-Rail System" (bottom photos) which includes added springs for easy fold down applications. Lengths from 2' to 13.5' with Custom lengths available.

Z Fence - Edge Protection

Reinventing Edge Protection with the reusable guardrail fence which is sprungload between decks saving time and money. Specifically designed for buildings with limited ground and floor space.

Garlock Self-Closing Gate

OSHA compliant gate that protects workers from stairway and ladder falls. Two-piece gate for adjustability with 4 adjustable sizes up to 48". Spring loaded hinge provides self-closing feature.

Garlock Visual Warning System

Create a safe-zone using the Garlock Folding Warning Line System.

- Meets OSHA 1926.502 (f)(2)
- Standard system includes three folding bases and 100 feet of flags.

Ask your Edge representative about our different options for Skylight Protection!

Bluewater Versa Clamp Safety Guardrail

Highly versatile safety guardrail C-Clamp for fall protection that can be used on parapets and concrete slabs.

**Ask your Edge Rep about your custom needs for guard rail systems
Custom powder coating, Special sizes...etc!**
